TRAINING

MERN Stack Development Training — Emertxe, Bengaluru | Ongoing

PROJECTS

Task Management App | React, Node.js and PostgreSQL: Developed a full-stack task management web application with CRUD operations to add, edit, delete, search and update task statuses, helping users manage workloads and track progress.
Quiz App | React and MongoDB: Developed an interactive full-stack quiz application with user authentication and multiple-choice questions. Implemented automated answer evaluation, score calculation and instant result display.
Calculator App: Developed a web-based calculator using HTML, CSS and JavaScript with arithmetic operations, BODMAS and parentheses support.
Music Player Web App: Built a responsive music player with play, pause, restart, speed control and song selection features using HTML, CSS and JavaScript.
